Birkenhead Library present

# AN EVENING with GARTH McVICAR

Founder of the Sensible Sentencing Trust

Hear him talk about his book

*JUSTICE* is the story of how an ordinary cocky from Hawke's Bay became a spokesperson for the victims of crime. Garth, a mild mannered man, just couldn't sit back and watch the injustice. *JUSTICE* gives the full story from the source. Sit with Garth as he reflects on 10 years of the SST, where it has come from, where it is going and what it has achieved. Hear from some of the victims the SST has helped. This is our story, all of NZ, any one of us could be caught up in a nightmare like this at any time.
