

SPOILERS HAVE BEEN REDACTED

I really enjoyed this book. I think that it's really well written and that the author did a great job of making you feel like you were there. The description was very detailed and the story was very easy to visualize.

I really enjoyed reading this book. Mainly because it was interesting and kept making you want to read more, but also because of the content. I think that this book would be great for kids around my age: 11.

The book was really interesting, I especially enjoyed the part when [REDACTED]. Eventually I found out why and I was amazed! [REDACTED]!

The whole story was very descriptive and super easy to read. I felt like I couldn't put the book down, one night, i read 100 pages

I think that this book was really great. The only bad thing about it was that it was left with a cliffhanger.

I really enjoyed reading and reviewing this book and hope that I can review another book soon
